

MeeScan - Check Out Your Own Books!

Step 1: Download the Meescan app to your Apple or Android device. Allow the app to use your device camera and location.

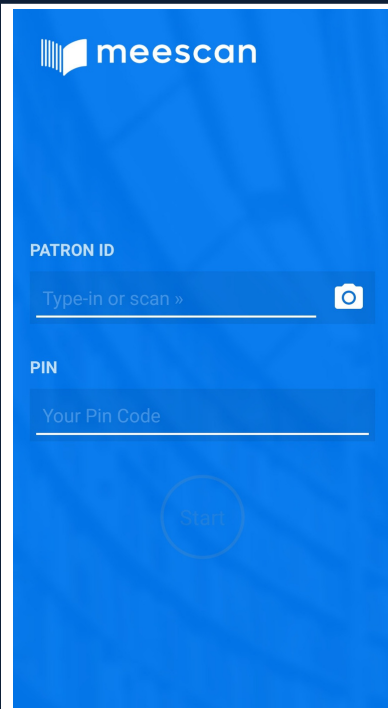

Step 2:

Make sure you are connected to the Library's wireless network. Open the app and press **Start**

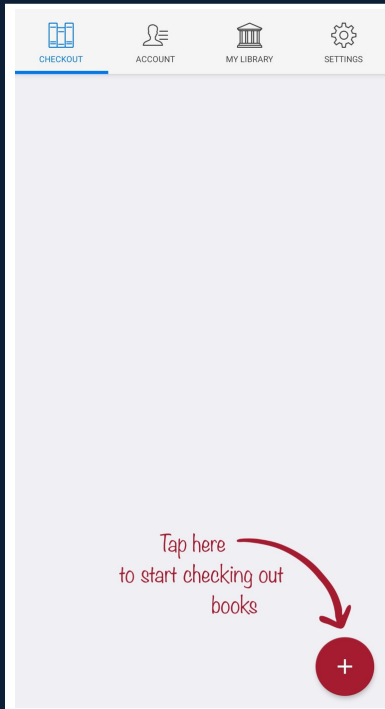

Step 3:

Enter your Library Card Number and PIN (usually last 4 digits of card number)

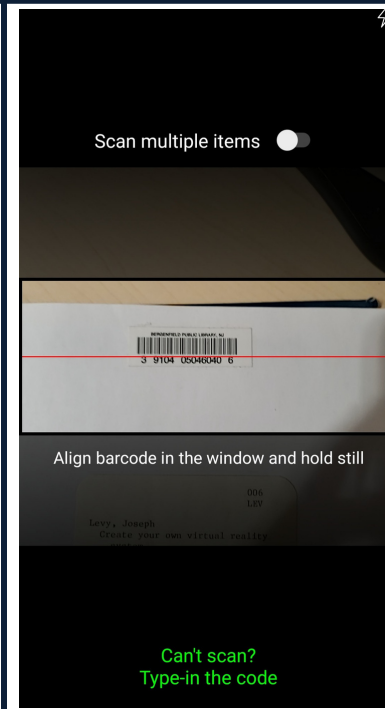

Step 4:

Tap + to start checking out your books

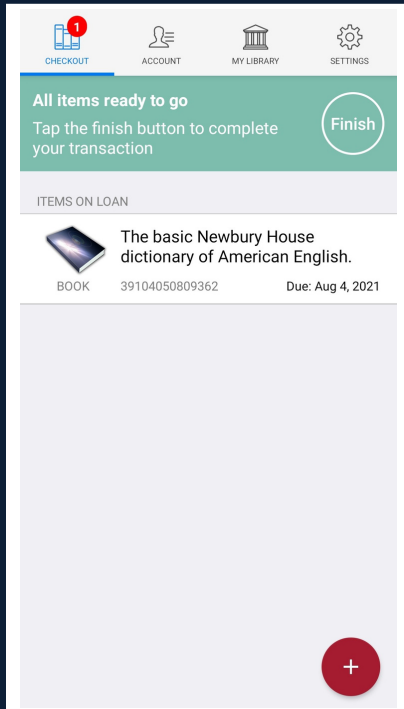

Step 5:

Align the item barcode with the red line on your device's camera

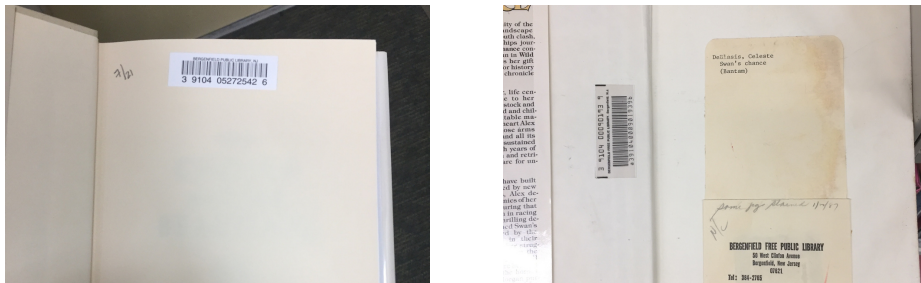

Step 6:

Once you're done scanning books, tap **Finish**

Where can you find our barcodes?

Each library places their barcodes in different places on the book or item. For Bergenfield items, our barcodes are **inside the front cover** of books, DVDs, Blu-Rays, video games, etc. Older books may have the barcode inside the back cover instead.
